WSO Memberships & Certifications are accredited by ICAC

July 2022

Become a WSO Professional Member

Being acknowledged as a Professional Member of a safety organization based upon one's education, years of knowledge, and experience in the Safety field is a goal for many to achieve. Not everyone has the college or university degree that is sometimes required to compete for an advanced level Occupational Safety Certification. Not everyone enjoys the environment of classroom training and potentially taking the computer-type exam, which doesn't always show one's true abilities in safety management and/or practice.

There are many Safety Directors, Safety Coordinators, and Safety Specialists in the safety arena who have many years of experience but lack the mathematical expertise to pass a specific safety certification exam. However, by a submission of one's work/career credentials, résumé, professional references, safety seminar certificates, safety education, and several testimonies from peers showing his/her elite level, safety practitioners and professionals can become a WSO Professional Member upon verification and approval.

This membership level gives one a great opportunity to continue to gain knowledge as a member of the WSO, network with and learn from other members, and attend our annual Symposium featuring world-class safety professionals from around the world presenting various types of safety modules. The WSO Professional Members are safety, hazard, risk, loss, and accident prevention professionals performing full-time activities in these fields.

Along with the Professional Membership Application, current résumé, and WSO Code of Conduct, the following documentation is to be submitted:

1. Two Letters of Recommendations as to one's safety abilities on the job
2. Two Candidate Evaluations from colleagues, associates, or peers who know of one's abilities and successes
3. Supporting documentation to include professional memberships, industry certifications and registrations, educational transcripts, etc.")

Hello and welcome to the World Safety Organization July Newsletter.

As you read this newsletter you will find information regarding WSO Professional Memberships, Award Nominations, and Symposium Registration. If you have an information request or want to see some topic in the newsletter, please let Wanda in our Warrensburg WMC know and she will do her best to satisfy your needs.

The hot topic at the moment is the fall symposium schedule for 2-5 October in Las Vegas, Nevada. I hope everyone is putting this on their schedule and plans to attend. This is an excellent forum to exchange ideas and catch up with colleagues on the latest developments in our field. Many good speakers and sessions are planned and we hope you are able to attend.

This is also a good time to think about presenting a paper on your chosen topic of interest. Presentation slots are open and waiting for your submission. Everyone will be happy to see you.

Recently in the news we have seen a resurgence of new strains of the Covid virus. A number of new cases have been reported and the different variations of the strains seem to have different effects. Hopefully, everyone is keeping an eye on this resurgence and is protected and safe.

This is also the summertime and as we spend more time outside and more time with summer activities safety becomes an issue. I hope everyone and their family is taking proper precautions to remain healthy and safe.

Please let us know if you have ideas for improvement of the newsletter or the organization. We look forward to hearing from you.

**) Membership in the WSO is not a requirement*

WSO Awards Nomination Information

III. Nomination Procedures:

The awards cycle is from 1 January to 31 December each year. Nominations for a given year are accepted in the WSO by May 15th, following the end of the award cycle. In order to keep things as simple as possible, a single award nomination process is used for all awards. Please read the instruction carefully and you will find that all the potential situations are covered. A letter format will be accepted as long as all the information is provided in the proper order. It is hard to provide too much justification for your nomination. The most frequent problem is having insufficient information to judge the validity of the nomination.

The submission must contain the following information in the order shown below.

A. Name of the award for which the nomination is being submitted.

B. Name of the individual, group, committee, organization, or firm being nominated. 1. If nominating an individual: provide name, home address, and phone number and the employer's work address, phone, and email address.

2. If nominating a group or committee: provide the name of the group or committee and the organization with which it is affiliated and the name, address, telephone number, and email address, of the chairperson.

3. If nominating an organization or firm: provide the name, address, and telephone of the firm and the name, address, phone number, and email address if applicable, of the chief executive officer, president, or owner.

C. Provide the name, address, telephone, and email address, of the person making the nomination.

D. If the nominee is an individual, name the employer and provide a brief description of the nominee's current position. If the nominee is a group, provide a description of the purpose of the group and the primary organization it supports.

E. Provide a description of the key outstanding accomplishments of the nominee. It must be clear exactly how the nominee meets the criteria for the award nominated.

1. For individuals, provide a summary of the nominee's educational and WSO related professional accomplishments. Enumerate the nominee's contributions to the WSO Organization, safety profession, and his/her employer and community.

2. For groups, committees, organizations, or firms, provide a summary of the nominee's contribution to the advancement of the WSO.

F. Provide the name, address, phone number, and email address if applicable, of three references that can provide comments concerning the nominee's performance. At least one reference must be a WSO organization member. Persons listed as references cannot be related to or employed by the nominee.

G. Provide appropriate supporting documentation to support the nomination. If the nomination is based on published works, provide copies of the document(s).
