NAEL GENERAL CONTRACTING LLC (NGC) CELEBRATES WORLD SAFETY DAY WITH GREAT ENTHUSIASM

Dr. Haridas S Nair, Corp HSE Manager, Nael General Contracting Group of companies

On April 28, 2023, Nael General Contracting LLC (NGC), a leading construction company, commemorated World Safety Day with a series of interactive events designed to foster a robust safety culture within the organisation. The event featured the participation of notable figures, including the general manager, deputy managing director, and corporate HSE manager, who delivered compelling messages emphasising the significance of workplace safety.

Mr. Joseph Varghese, the general manager, provided insightful commentary on the significance of fostering a strong safety culture. He lauded the collective effort of NGC's employees in maintaining safety standards and urged everyone to make safety their top priority in every endeavour.

In his address, Mr Basil Oommen, Deputy Managing Director of NGC, emphasised the company's dedication to ensuring the health and safety of its employees. He emphasised the importance of continuous development in safety practises and urged all employees to remain vigilant and proactive in identifying and mitigating potential risks.

Dr Haridas S. Nair, the Corporate HSE Manager, is well recognised as an authority in the field of occupational health and safety. He recently gave a session that shed light on the most recent developments and best practises in this area. He complimented NGC's proactive approach to developing stringent safety rules and emphasised the significance of cultivating a safety-conscious culture.

The celebrations high point came when NGC's staff members were honoured for their unwavering dedication to safety. A team of workers was honoured with the Best Safety Performance Award because they were a role model in following all safety procedures with the utmost diligence.

Additionally, Mr. Mathew Paniker, a dedicated employee who showed remarkable dedication to establishing a culture of safety at NGC, was awarded the prestigious OHS Outstanding Award. Mr. Paniker has worked tirelessly to improve workplace safety through new policies, more public awareness, and improved employee education.

NGC's World Safety Day event went off without a hitch, demonstrating the firm's commitment to fostering a risk-free workplace culture. NGC's goal is to encourage its workers to continue prioritising safety in all parts of their work by recognising and rewarding exemplary safety performance.

For their efforts in making this event a success, NGC would like to express its deepest appreciation to the General Manager, Deputy Managing Director, Corporate HSE Manager, and the whole organising committee. Without the employees' unflinching dedication to safety, the organisation would not have been able to accomplish what it has.

WSO INDONESIA CELEBRATES WORLD SAFETY DAY

Soehatman Ramli, Director of WSO National Office for Indonesia

To celebrate World Safety Day 2023, the World Safety Organisation (WSO) Indonesia collaborated with the WSO National Office in Pakistan and WSO Australia National Office to hold a webinar on April 29, 2023. This webinar was attended by more than 600 participants from various backgrounds, occupational safety, and health (OSH) experts, and students from throughout Indonesia. Acting as a Moderator in the webinar was Dr Dini Sabila Magister OHS, a company medical doctor with many years of experience working for a mining company.

When opening the webinar, Soehatman Ramli, the Director of WSO Indonesia, explained that the purpose of celebrating the World Safety Day was to inspire all parties to always support the

OHS program and prevent accidents in the workplace. Based on International Labour Organisation (ILO) data, it was stated that the number of accidents worldwide are more than 340 million per year, and work-related illnesses are more than 160 million annually (ILO, 2023).

The opening ceremony and the introduction of World Safety Organisation was carried out by Tayyeb Syah Director of WSO Pakistan who is also a Member of the WSO Board of Directors. In his remarks Tayyeb explained the role of the WSO in supporting safety in all communities with the slogan "making safety a way of life.....world wide".

The webinar safety presentations were by 2 main speakers namely Prof. Fatma Lestari MSi, PhD from WSO Indonesia and Prof. Dr Janis Jansz PhD from WSO Australia.

Fatma Lestari, who is also the recipient of the 2021 WSO Award for the Professional Award category, explained the role and development of occupational safety and health in Indonesia. Fatma explained Indonesia's OHS profile, its weaknesses and strengths. Fatma, who is also the Vice Chairperson of the Indonesia Occupational Health and Safety Council (DK3N), explained the program and road map for the development of OHS Indonesia which is supported by various regulations.

The second speaker was Prof. Janis Jansz. Janis explained that the World Safety Organisation was formed in 1975 at a Safety Conference in the Philippines so that the people who attended this conference could continue to work together to improve occupational safety worldwide. WSO has an annual conference each year for people worldwide to meet and share occupational safety and health knowledge. Janis stated that the next WSO Conference is from the 2nd to the 4th of October 2023 in Odessa, Texas, USA. At each conference there is a Round Table Meeting on a theme related to meeting the World Safety Organisation Aim of making safety a way of life worldwide. The recommendations from this meeting are provided to the United Nations Economic & Social Council with which the WSO has consultative status. In 2020 the report of the WSO Conference Round Table Meeting was published as an article in the World Safety Journal. The article was titled Workplace Safety Enablers and Barriers. Janis's presentation was on the findings of this round table meeting and included workplace safety and health enablers and barriers for Indonesia, Canada, United States of America, Kenya, Nigeria, Myanmar, Lebanon, Kuwait, Saudi Arabia, Qatar, Philippines, Taiwan and Australia.

Following this presentation there was an hour of discussions about workplace safety and health with members of the audience able to ask questions to the presenters to learn more about workplace safety and health. The information provided was summarized by Dr. Dini Sabila and a presentation of certificates was made by Soehatman Ramli. Closing statements were given by the presenters and Hana Fajrianti who was the MC for this webinar.
