Good Afternoon,

As you may be aware, OSHA has extended the comment period for the COVID-19 Vaccination and Testing Emergency Temporary Standard (ETS) by 45 days to allow stakeholders additional time to review the ETS and collect information and data necessary for comment. All comments must be submitted electronically to Docket No. OSHA-2021-007 at www.regulations.gov by Wednesday, **January 19, 2022**. More information is available on OSHA's COVID-19 Vaccination and Testing ETS webpage and in the Press Release.

Please share this information with your members and stakeholders, as appropriate.

Thanks,

Doug Kalinowski
