

World Safety Organization NEWSLETTER

WSO Memberships & Certifications are accredited by ICAC

Oct/Nov 2022

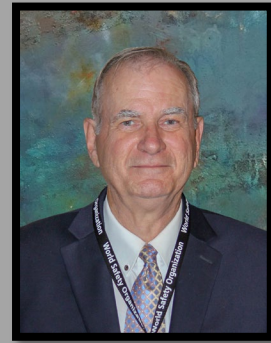

Due to the low numbers in registration, the symposium scheduled for 2022 was cancelled.

WSO enjoys bringing its members together through the annual symposiums. We strive to provide various topics, including those in the news, on the rise, and already established. In the last few years, the pandemic, its aftermath, and the economy have caused us to delay our annual conference. Presently, we are looking into relocating the conference for 2023. We feel a change of scenery will enhance a renewed sense of togetherness and participation. In that same spirit, we ask of you to join us in celebrating getting back together. We will require assistance from around the globe in various forms, such as speakers, award nominations, and early registration.

We are looking forward to making 2023 a highly successful year for WSO as well as the symposium and will update as information becomes available.

from the desk of
DR. CHARLES H. BAKER

Chief Operations Officer

Hello Everyone!! Welcome to the October/November newsletter. We have had a few changes in personnel at the Warrensburg office and Stephanie has been replaced by Fallon. As a result, we are a little behind but catching up. In the meantime, if you have questions or need assistance do not hesitate to call either Fallon or Wanda at the office.

We are now into the Holiday Season when safety is even more important. It is a time of year that comes with inclement weather, travel, and all sorts of festivities. We need to remind ourselves to be more observant and exercise more care. Please be careful.

As an after-effect of the Covid Virus the World Safety Organization was forced to cancel its annual symposium. There were many negative factors which made this a necessary move. Travel and the ability to mingle with other people were among the reasons.

World Safety is already planning for the 2023 symposium and has vowed to make this the best symposium the organization has ever had. Plans are to move to a different venue, other than Las Vegas. Several people thought that a new location would be more exciting since we had been in Las Vegas for several years. Stay tuned for further developments. I'm sure it will be exciting.

As we plan for the 2023 symposium, everyone should encourage their work associates and colleagues to either join World Safety Organization, become certified, or both. I think they would find their trip to the Annual Symposium a valuable and time-rewarding experience. Let's all come together and make this a well-attended Symposium.

As we enter the Holiday Season, let us all pay particular attention to safety and have a safe and happy holiday.

In the meantime, please let us know if we can be of assistance.

Thank you for being a member.

Charles Baker

WORLD FIRST AID DAY: SAFETY & EMERGENCY RESPONSE READY (SafERR) AMBASSADORS DIRECTORATE OF THE WORLD SAFETY ORGANIZATION (WSO-NIGERIA) TRAIN OFFICIALS OF THE FEDERAL ROAD SAFETY CORPS (FRSC) ON HIGHWAY EMERGENCIES.

In commemoration of World First Aid Day, the Safety & Emergency Response Ready (SafERR) Directorate of the World Safety Organization in Nigeria organized a First Aid and Roadside Safety training for over fifty FRSC officials on Saturday, September 10, 2022 at the FRSC Complex in Ojodu- Berger, Lagos State, Nigeria.

The FRSC is statutorily established to make the highways safe for motorists and other road users, as well as checking road worthiness of vehicles; recommending works and infrastructures to eliminate or minimize accidents on the highways. It is also their responsibility to educate motorists and members of the public on the importance of road discipline on the highways, thereby “creating safer motoring environment in Nigeria” The collaboration with the FRSC is in recognition of their role as first responders to emergencies on the highway, which calls for continuous learning, unlearning and relearning. It also stressed the importance of officials having adequate, updated knowledge of how to manage casualties. Every year, the World First Aid Day is recognized and celebrated to create awareness and emphasize the place and value of First Aid as an act of humanitarian empowerment and as a fundamental part of a broader resilience approach to saving lives.

The SafERR team arrived early at about 8.30am to set up the training equipment for the programme billed to start by 10am. RC Olabisi Sonusi and DRC Adeola Adesanya were on ground to receive the Team.

Oct/Nov 2022

Group photograph with Sector Commander Rep. & officers

DRC. Adesanya who moderated, welcomed everyone officially and introduced top officials of the Lagos Sector Command of the FRSC and of the WSO SafERR Directorate. The Sector Commander, CC. Olusegun Ogungbemide who was unavoidably not available owing to other urgent official assignments was ably represented by the Deputy Corps Commander, DCC. Lucas Oguntade and HOD Training, Assistant Corps Commander, ACC. Bridget Njoku.

DCC Lucas Oguntade, representing the Lagos Sector Commander CC Olusegun Ogungbemide

In his speech, the Sector Commander, ably represented by DCC. Lucas Oguntade welcomed and commended the WSO SafERR Team and all the participants for making out time to be a part of the World First Aid Day celebrations. He emphasized the need for continuous training to constantly update knowledge and improve skills, which is why the FRSC is glad to partner with the World Safety Organization, Nigeria at a time like this and look forward to a long-term symbiotic relationship towards achieving the set mandate of the Corps, which is “creating safer motoring environment in Nigeria”. He thereafter declared the training program open.

(Cont. on pg. 4)

ACC. Bridget Njoku the HOD Training also gave a goodwill message, encouraging all participants to be attentive and take the training very serious because their lives and that of the public is very important.

The Governor General (GG) of SafERR Ambassadors Directorate – Amb. Dr. Wilson Arikpo, when called upon to give his speech first expressed the goodwill message of Amb. Soji Olalokun, the Country Director/National President of WSO-NG. He thereafter introduced members of the SafERR team present: Deputy Governor-General, Amb. Mrs. Monica Nwosu; Executive Member Special Duties, Amb. Hassan B. Hassan and Amb. Dare Akinfosile and his team from First Aid Services Nigeria.

The GG, Amb. Dr. Wilson Arikpo addressing Officers and Men of the FRSC, Lagos Sector Command during the World First Aid Day

The GG reiterated why the partnership between WSO-SafERR and the FRSC is beneficial to the FRSC and the general public as he believes in the impact the training will have on everyone because of the importance of First Aid in saving lives. He stated that everybody and anybody can be, and should be a First Aider without necessarily being a medical professional."

He added that "Our intention is to make sure every citizen who is of age knows what it takes to carry out Basic First Aid procedures to stay alive and save lives."

Amb. Hassan B. Hassan delivering a lecture on Roadside Safety

The GG thereafter called upon the Amb. Hassan B. Hassan to give his speech and facilitate the first training for the day with the topic – "Roadside Safety". He delivered eye-opening & thought-provoking lecture to a very appreciative audience, who had the opportunity to ask Questions and Answers satisfactorily given.

Amb. Dare Akinfosile facilitated the second training session with his team from First Aid Services on the topic: First Aid and Emergency Response. It was an exciting and highly practical and interactive time; with the Corps members taking turns in batches to carry out CPR and evacuation in practical sessions, with emphasis on how to attend to victims involved in road crashes and professionally move them safely to the Ambulance.

Cont. on pg. 5

*Female Officers
evacuating a "casualty"*

An Officer, RC Joseph Inalegwu actively participating

They were very appreciative, because they experienced, some for the first time, hands-on training that interacts with their newly acquired branded Ambulance.

After the Training, the GG expressed his satisfaction with the level of participation and announced a surprise award package by the Directorate for the following categories:

- Punctuality – First Corps member to arrive the training hall
- Active Participation – 2 persons (who actively involved in class & Practical Drills)
- Attentiveness – 2 persons (who asked questions to know more & suggested answers)
- Effective Management (Coordinated the programme well to close any gap)

He then called upon the DGG, Amb. Monica Nwosu and EM, Special Duties, Amb. Hassan B. Hassan to present the cash prizes of N5,000.00 each to the selected winners.

A raffle draw was also held for ISPON Training sponsorship and one ARC Uchenna Unonobi won in a lucky dip when his name was picked by RC Temitope Oluwadare. He is expected to forward his CV and credentials to Amb. Hassan B. Hassan to obtain the training forms from ISPON for him.

The total cash prize of N35,000.00 was hand out to deserving participants & one free scholarship for Safety training at ISPON.

The GG commended the WSO-NG SafERR Directorate for sponsoring the training and awards.

Cont. on pg. 6

The training came to a close and RC Joseph Inalegwu who also was one of the winners of the cash prize for active participation during the First Aid practical, gave the Vote of Thanks on behalf of the Lagos Sector Command, eulogizing the World Safety Organization (WSO) for the sacrifice and genuine expression of love for the safety & preservation of lives & properties.

When interviewed, RC Olabisi Sonusi, the Public Education Officer of the FRSC Lagos Sector Command appreciated WSO SafERR Project for partnering with FRSC to organize the training. She said, "I must commend the WSO in Nigeria for partnering with the FRSC to mark this day. That is a huge step forward. This is more like a refresher course for officers, and now that they (the officers) will soon be inducted as [SafERR] Ambassadors, I feel we can cover more scope..."

Speaking also during the interview, Amb. Monica Nwosu, the Deputy Governor General of SafERR Ambassadors lamented the poor state of infrastructure in Nigeria and stated the need for first responders to emergencies to be equipped with the right skills to be emergency response ready, because emergencies can happen anywhere, anytime. "I feel that we can start the advocacy from our respective homes, we can all be SafERR Ambassadors, taking the campaigns to our offices, street, churches, mosques, etc. People need to be aware of the basic things to do when emergencies occur and professionals are not there to help the Victims."

The GG concluded by saying "to God alone be the glory" and used the opportunity to reiterate the importance of being a Member of a body of Safety Professionals like the WSO; commending the National Office in Nigeria for the opportunity to serve. He equally commended CC Olusegun Ogungbemide, the Lagos Sector Commander for providing the platform to render service and poured encomiums on Amb. Dare Akinfosile and his First Aid Services Team for making the training a success.

PROFESSIONAL VISIT BY THE WSO-NG SAFERR DIRECTORATE TEAM TO EGBIN POWER PLC ON FRIDAY, THE 12TH OF AUGUST 2022 TO TAKE PART IN A HAZARD HUNT ACTIVITY TITLED PROJECT DESMOND

The WSO-NG SafERR Directorate Team paid a professional visit to Egbin Power Plc on the 10th of August 2022 based on an invitation to take part in a Hazard Hunt activity titled PROJECT DESMOND. We were welcomed and later conducted round the plant by members of the Management team. The invitation initially scheduled for the 3rd of August was rescheduled to the 12th day of August 2022.

The 3-man SafERR Team led by our able Governor-General, Amb. Dr. Wilson Arikpo (GG) also had the Deputy Governor-General, Amb. Mrs. Monica Nwosu (DGG) and Executive Member, Programs, Amb. Julius Akpong in full attendance. We participated in the Hazard hunt and shared safe and unsafe observations with a grateful Management Team.

Egbin Power Plc. is tucked away in the tranquil town of Egbin, in Ikorodu, Lagos State. The company operates one of the largest thermal power plants in Sub-Saharan Africa and is said to contribute over 16 percent of the total electricity generated to the Nigerian National Grid, making it the heartbeat of Power and the largest provider of electricity to Africa's largest economy.

Egbin Power PLC is indeed a proud show case for 'best in class' operational and performance standards within the sub-Saharan power sector with a state-of-the-art facility housing six steam turbines with an overall installed capacity of 1,320 megawatts and currently working on projects geared towards enhancing this capacity through new technology and alternative energy sources.

The GG, Dr. Wilson Arikpo & DGG, Amb. Mrs. Monica Nwosu with some members of Egbin Management Team in the Boardroom.

L-R: Amb. Julius Akpong, Amb. Mrs. Monica Nwosu and Amb. Dr. Wilson Arikpo at the Egbin jetty.

Part of the Hazard Hunt Team

PROFESSIONAL VISIT BY THE WSO-NG SAFERR DIRECTORATE TEAM TO EGBIN POWER PLC

continued from page 7

The establishment employs a large number of the locals and is embedded in the fabric of the community, which is teeming with dynamic, hardworking people and multiple cultural expressions. The interaction with the host communities in Personal, Corporate and Social Responsibility interventions specifically designed to touch lives and make lasting, positive changes with particular focus on good health, safety and quality education is very commendable.

We took a tour round the facilities and observed the operation of a closed system based on Reheat-Regenerative rankine cycle.

The process begins from the deep water wells where water is sustainably sourced and used to generate steam for power generation using the six steam turbine generators. Power is wheeled out within optimal levels of efficiency and global standards in HSE compliance.

Project DESMOND is an Acronym that stands for:

D – DANGERS

E- EQUIPMENT

S- SUSTAINABILITY

M-MAJOR MINORS

O - OCCUPATIONAL EXPOSURES

N-NON- CONFORMANCED – DRILLS

Project DESMOND will remain indelible in the minds of all for a long time, especially when it is made a regular event to sustain awareness.

Our hazards hunt took us to the main plant, Control room, waterside, jetty, boardroom, gatehouses, etc; and we appreciate the high level of HSSE Awareness and implementation

The safety team in Egbin Power plant is doing some great job with the support of their Management Team to build a generative Safety Culture and the WSO is poised to support in any way possible.

There is hope that this relationship will be sustained and more engagements involving the WSO Team will be a norm.

Some members of the Management Team have already registered for the WSO National Conference taking place in Benin, Edo State, Nigeria from September 27-28, 2022, which is a positive towards expanding the message of Safety & Culture Awareness in that community and beyond.

Tour of the plant...

Debriefing after the hazard hunt

COURTESY VISIT TO THE COMMANDANT, NIGERIAN ARMY SCHOOL OF SUPPLY AND TRANSPORT, BENIN CITY, EDO STATE, NIGERIA

The Nigerian Army School of Supply and Transport (NASST) is one where military officers are trained in various specialized vocations of rendering services to the Nigerian Army, especially in supplies and transportation as the name designates. It is located in Benin City, Edo state, Nigeria.

On the 6th of September 2022, The World Safety Organization National Office for Nigeria was represented by a delegation led by the Country Director, Mr. Soji Olalokun on a courtesy visit to the Commandant of the school, Brig. Gen UT Utaru.

The Director, WSO Nigeria, Mr. Soji Olalokun, Commandant, NASST, Brig. Gen UT. Utaru

The Ag Assistant Director, Army Public Relations Capt. B.A. Aminu welcomed everyone present - he introduced the Commandant, Chief instructors and delegates of the WSO Nigeria.

The Country Director, Mr. Soji Olalokun, introduced his team and which included the Country Deputy Director, WSO Nigeria Dr. Okunola Olusola; others are: Mr. Oghenetejiri Ovwigho-Ugbede, and Peculiar Olotu.

- He also stated the purpose of the visit, which was;
1. To keep the cordial relationship between the school and the organization.
 2. To humbly request the presence of the Commandant in the upcoming National Conference and Awards slated for the 27th – 28th of September 2022, where he would also be invested as a distinguished SafERR Ambassador.
 3. To request the Commandant’s approval for the use of the Mohammadu Buhari Hall, located within the barracks for the upcoming National Conference and Awards event.

From left to right, Mr. Soji Olalokun, Dr. Okunola Olusola, Mr. Oghenetejiri Ovwigho-Ugbede and Miss Peculiar Olotu.

Brig. Gen UT Utaru welcomed the delegation and expressed profound gratitude for the visit.

He suggested that the Deputy Commandant and Chief Instructors of the Catering department, the Fire and Safety department and Medical department of the school, be invested as Ambassadors. He gave his express approval for the use of the Mohammadu Buhari hall to the WSO for the forth coming National Conference and Awards event.

He suggested that the Deputy Commandant and Chief Instructors of the Catering department, the Fire and Safety department and Medical department of the school, be invested as Ambassadors. He gave his express approval for the use of the Mohammadu Buhari hall to the WSO for the forth coming National Conference and Awards event.

The Country Deputy Director, World Safety Organization Nigeria, Dr. Okunola Olusola suggested an initiative to educate families of the Army Officers on Health and Safety amongst others. The purpose of the meeting was documented and presented to the commandant alongside a compliment plaque from WSO Nigeria and some promotional items.

The kind gesture was reciprocated, as the WSO was presented with a plaque, with compliments from the Commandant NASST Benin.

The commandant expressed gratitude to the World Safety Organization at large and commended their efforts. More pleasantries were exchanged, photographs taken, bringing the visit to a conclusive and satisfactory end.

Report Compiled by Peculiar Olotu

Reports on the recently concluded WSO Nigeria National Conference and Awards (NatConf & Awards 2022) and 10 years Anniversary of WSO Nigeria Which took place between the 27th - 28th of September, 2022. Organized by the World Safety Organization (WSO) Nigeria in partnership with IIRSM (International Institute for Risk and Safety Management).

THEME: REACH – Risk Evaluation Approaches and Corporate Health

The World Safety Organization (WSO), Nigeria National Conference and Awards since 2018 has always been an annual event anchored by a team of committee members since inception under the visionary Leadership of the WSO Nigeria. This year's event which centers on the theme “REACH – Risk Evaluation Approaches and Corporate Health” which also marks the 10th year anniversary of WSO in Nigeria, took place at the beautiful and ancient city of Benin, Edo state of Nigeria. It brought to the fore, the urgent need for stakeholders in the industry to dialogue and seek alternative viable ways of promoting local policies and standards in the industry. The conference took place at the Muhammadu Buhari Auditorium, Nigerian Army School of Supply and Transport, Benin City, Nigeria, with various registered Speakers, SafERR Ambassadors, HSE Professionals and stakeholders from various part of the nation in attendance. The events marking the 10th year anniversary was both physical and virtual for participants who couldn't travel to Benin to be a part of the event in person. A total number of 134 and 110 participants attended the events on both Day 1 and Day 2 respectively.

DAY 1 Event The Day 1 event kicked off at about 10:30am with a brief Safety Moment by Prof. Gerald Okeke whose job was to intimate participants at the event with the available conveniences and various exit routes in case of emergencies. After which were goodwill messages delivered by the following stakeholders who were present.

These include:

- Edo State Traffic Management Agency
- The Nigerian Red Cross Society
- Federal Fire Service
- Federal Ministry of Labour & Employment
- The Nigerian Civil Defense Corps
- National Emergency Management Agency (NEMA)
- Ministry of Youths & Humanitarian Affairs
- The National Youth Service Corps (NYSC)
- School of Nursing
- Post Graduate School of Nursing
- The Zonal Pastor, Christ Embassy Benin Zone 1
- National Health Insurance Authority (NHIA)
- The Deputy Governor, Edo State
- School of Public health Nursing amongst others

A Ten (10) year overview of WSO Nigeria referred to as the Looking Glass came up after the good will messages.

SAFERR AMBASSADOR INVESTITURE 2022

SafERR Overview

Too many people are dying from preventable injuries. Today, unintentional injuries have risen to become the third leading cause of death globally, but each of us can take action to reverse this trend irrespective of our age, gender and status. The SafERR (Safety and Emergency Response Ready) Project creates a level playing ground for all to become proactive in improving safety, security and health in their environment whether at home, school, playground or at work. The SafERR Project of the World Safety Organization in Nigeria is an intervention program, created, to close the existing awareness/knowledge gaps, amongst the Nigerian populace; learning to keep themselves safe and adequately responding to emergencies, whenever and wherever they occur. It seeks to target 1 in every 3 Nigerian at the end of 2025. Targets beneficiaries include schools, campuses and communities; teaching them about Safety and Emergency Response Readiness, the World Safety Organization (WSO) cum leadership development. Who is a SafERR Ambassador? A SafERR Ambassador is, an advocate in the temple of HSSE awareness; a person who takes action, bringing this education above, into homes, schools and communities, working with SafERR volunteers, students and other members of the society, who are animated in taking proactive actions in issues bordering on safety and emergency response readiness, for the sake of humanity. A total of One Hundred and Thirteen (113) SafERR Ambassadors (comprising of newly invested Ambassadors and 2nd, 3rd, 4th and 5th Tier returning Ambassadors) were inaugurated into the 2022 SafERR Ambassador scheme. The SafERR Ambassadorial event took place on the first day of the conference.

Plenary Sessions and Speakers

The Plenary Speaker of the conference who spoke on Day 1 of events was a Professor of Public Health and Community Medicine, University of Benin, Professor Alphonsus Rukevwe Isara who Spoke on “Risk Evaluation Approaches and Corporate Health: Experiences from a Tertiary Hospital”.

According to him, Corporate Health is all about how organizations look after the wellbeing of other people and the strategies tends to adopt a holistic approach with a focus on protecting both the physical health, mental as well as the emotional health of an organization workforce. These are usually based on a combination of proactive, preventive initiatives and reactive care and support services. Professor Isara is a Consultant Public Health Physician, of the University of Benin Teaching Hospital and a fellow of the National Postgraduate Medical college of Nigeria.

Excerpts at the Event Hands on CPR session was anchored by Amb. Akinfosile Dare Joseph and his team from the First Aid Services, Nigeria.

Hands on CPR session was anchored by Amb. Akinfosile Dare Joseph and his team from the First Aid Services, Nigeria.

Day 2 Event: Day 2 kicked off with other sessions as follows:

Arese Lucia. Onaghise (Safety Consultant & WSO Technical Head) (Assessing Risks, Challenges and Opportunities in the waste management Value Chain in Nigeria)

Akinfosile Dare Joeseph (WSO National office for Nigeria) (Prehospital Trauma care in Safety – Critical and High Risk Environment)

Afolabi Funmilayo Juliana PhD (Lecturer Institute of Entrepreneurship & Development Studies, Obafemi Awolowo University, Ile-Ife, Nigeria) (Occupational Risk Perception and the use of PPE: A study among informal automobile Artisans in Osun state, Nigeria)

Alabi Olayinka Dasola (CEO, Safetywise Integrated Services Ltd, Lagos, Nigeria). (Indices of Successful Corporate Health Program)

Other speakers at the event had some practical sessions to their presentations:

1) A fire safety simulation session by Fire department of the Nigerian Army School of Supply and Transport, Benin City, Nigeria, anchored by the Amb. Victor Udoka (A WSO Nigeria 4 th Tier Ambassador), who along his team took the participants in a practical session.

2) Water Survival Awareness: The water survival awareness simulations was anchored by the Governor General of the SafERR Ambassador Directorate, Amb. Rev. Dr. Wilson Arikpo, although participants did not go out for water survival drills, they were given some important information as to how to handle a drowning victim and necessary precaution to take while travelling at sea. A simulation on a plastic bowl of water and a pet bottle almost filled with water was used to create a life exercise.

The Grand finale of the Event was the Presentation of certificates and Awards, this was anchored by the WSO Nigeria Country Director Mr. Soji Olalokun WSO-CSI(ML), FECRMI.

WSO - WMC Welcomes Fallon Turner as new Membership & Certifications Coordinator

Fallon was born in Biloxi, Mississippi at Keesler AFB and relocated with her family to Whiteman AFB in Knob Noster, Missouri in 2011. She is the youngest of four with an older sister and two older brothers.

She is an early graduate from the class of 2022 and received the honor of Cum Laude. Fallon was involved in tennis, yearbook, drama, and was an A+ tutor.

Fallon received her academic letter for tennis and was All-Conference academic every season she played.

She enjoys music and playing video games in her spare time.

Fallon is excited for this new opportunity with WSO and to collaborate with various safety organizations, businesses, and professionals worldwide.

Please join us in welcoming Fallon to our team!

Do you blog?

Do you write articles for your company's newsletter?

Do you have relevant information to share?

Did your company or agency sponsor a special safety-focused event?

Does your company or agency have an upcoming safety-focused event you wish to promote?

If so, we would love to feature your content in a future WSO NewsLetter or TechLetter!
