## Examination Proctor Policy and Procedure

### Policy

The individual tester is responsible for finding and securing a test proctor. Tester must ensure the selected proctor is “defensible”. This means the proctor can administer the exam without bias. Tester is accountable for selection a defensible proctor

**Unacceptable proctors** include family members, friends, subordinates, and employees.

**Acceptable proctors** include supervisors, human resources personnel, military officers or NCOs, librarians, teachers, and school officials, etc.

WSO will conduct random proctor audits to verify proctor identified during registration actually proctored the exam and is unbiased to the outcome. If either a tester entered fraudulent proctor information or it is determined the proctor was biased or otherwise not defensible the individual’s certification will be rescinded without refund. Tester can submit a formal complaint if he/she disagrees with the audit’s findings by following the complaint process.

### Procedure

- 1) Prior to registering for the WSO exam, the tester will find an acceptable proctor and coordinate the exam time and location. Additionally, the tester will provide the proctor with “Proctor Policy and Procedures” and “Monitor Form,” both of which will be attached via email as well as located on the WSO website.
- 2) When registering for an exam, the tester will document the name, title, and contact information of his/her proctor.
- 3) The tester completes his/her section of the Monitor Form; the proctor completes the proctor section of the Monitor Form and the Proctor Policy and Procedures Form, then returns to the WSO Certifications Coordinator (Email: [certification@worldsafety.org](mailto:certification@worldsafety.org)).
- 4) Proctor reads statements to tester and begins time (written). Electronic exams are timed automatically.
- 5) The tester completes the exam in the presence of the proctor and submits (electronic) or provides proctor with test booklet, and turns in any scratch paper.
- 6) WRITTEN EXAM: Proctor mails test booklet and scratch paper, complete Monitor Form, and signed Proctor Policy and Procedures in pre-addressed envelope provided for this purpose.
- 7) ELECTRONIC EXAM: Proctor emails/mails complete Monitor Form and signed Proctor Policy and Procedures.
